Stellar Travel

Letter of Appreciation

Dear Sir/Madam:

From September 2013 through 2014, we have been in consultation with your office on behalf of Jehovah's Witnesses in Ghana regarding the international conventions of Jehovah's Witnesses organized in the United States.

Your office proved very helpful to our delegates as you worked on their travel documents and accommodations. Even though many of our selected delegates were not granted the visas, some were able to obtain theirs in view of your diligent efforts. We want to inform you that the conventions have been very successful and are now over.

We therefore use this opportunity to express our profound appreciation for supporting our arrangements. We trust that in the future, we shall not hesitate to consult you in connection with a similar venture.

Please accept our best wishes.

Yours sincerely,

Watch Tower B. & T. Society
OF GHANA
